Dear Old Boy and/or Donor

The breakdown for donations received by the "Developing Tomorrow's Leaders, Today" campaign between **January and November 2024** is as follows:

Debit Orders and Recurring Payments:	142.087
Peach Payments via the website:	141.700
Donations to the campaign excluding above:	3,410.383
TOTAL	3,694.170

I mention this breakdown advisedly as I wish to encourage donors to make use of the monthly debit order option which no matter how small, after five years results in a significant donation. A debit order is available for downloading on the website www.pretorian.co.za via the "Donate Now button". Donations via various forms of payment may also be made via this link.

In addition to the above, the campaign has forwarded, during this period, donors to the Talent Bursary initiative run by the School, to the value of 2,400,000 .

This equates to a total exceeding R6 million for the year.

The above has resulted in our being able to increase the investment with Investec to R14,6 million with a further R2.36 million in debit orders, on-going pledges and money in the Pretorian Trust account.

The investment amount of R14,6 million represent three year's of fundraising efforts but there is much which still needs to be done. We need to give an increasing number of deserving boys the level of education that you, as Old Boys, enjoyed but can only do so with your help.

While not falling directly under this campaign, the Talent Bursary Scheme run by the School currently has 84 boys on bursaries to the value of R7.4 million and is set to increase this number for 2025.

Best regards

Bill
